## What is life coaching?

Life Coaching is a profession that is profoundly different from consulting, mentoring, advice, therapy, or counseling. The coaching process addresses specific personal projects, business successes, general conditions and transitions in the client's personal life, relationships or profession by examining what is going on right now, discovering what your obstacles or challenges might be, and choosing a course of action to make your life be what you want it to be.

## What is life coaching?

The power of change!

## Why Inner Path?

If you want to change your life,

change what you feel.

If you want to change what you feel,

change what you think.

This is where it all begins...

Emotional Literacy and Emotional Intelligence are the key. Decades of behavioral decision research has consistently shown that emotions, more than any other contributing factor, are what motivate us to act. Every decision we make, every choice to act or not act is determined by our intention to manage our feelings in one way or another.

### How We Perceive Rain

Rain can remind us of many things.

We can feel miserable about the weather and pledge to never go outside.

It's not the event itself, it's how we perceive it.

### Don't Aspire To Make Others Envious

We live in a world of constant comparisons. Our Instagram accounts

are designed to make others envious of our lifestyle. And we constantly

check to make sure that we are keeping ahead of the next guy.
